# John Day River - 3 day/3 night Small Mouth Bass Adventure

**The John Day River** is protected as Wild and Scenic River. Your Adventure will start below the North and South forks of the John Day and end approximately 33 miles down this remote and historical river. During this adventure you will float by many rock formations and landmarks like Coffin Rock and the beautiful Cathedral Rock. You will experience lots of wildlife such as deer, herons, otters, coyotes, and chukars. This magnificent country will yield many memorable photographs.

## The Fishing:

Catch 50 plus bass a day from half to four pounds. These fish are a wonderful thrill on light tackle. For the fly fisherman, it is a dream. Imagine the peacefulness of the outdoors being interrupted by these ferocious fish when your top water fly hits the water along with some great nymph fishing as well.

This is a great trip for both the beginner and the experienced fly fisherman. The John Day River is a great family getaway. Kids and their parents can enjoy the great outdoors together while everyone catches fish.

**The Food/The Camp:** The camp will be set up when you arrive in the evening. Relax around camp over cocktails while telling fish stories about your day. The food is prepared by the guides and our camp chef. While in camp you may fish,

swim, hike, or just relax. We furnish tents and six inch thick air mattresses for your comfort. You will be served breakfast and dinner in camp and a shore lunch that is prepared by the guides. This is a trip of spectacular views, fantastic fishing, and just plain relaxing. Don't let another year pass without taking advantage of this great trip.

**Season:** The John Day is located in Oregon's high desert region and is a free flowing river so warm weather and water levels play a key role in creating a great trip.

Best times: May, June and July

## Inclusions:

- Three Days Fishing & Camping
- Transportation to and from the Redmond/Bend Airport

# Rogue River - 4 day/3 night Wild & Scenic River Adventure

## The Lower Rogue River

is not just a fishing trip, it's a fishing adventure.

Explore a 65 mile journey down the Wild and Scenic Rogue River that offers spectacular scenery, white water excitement and plenty of wildlife that is rich with history and romance of the old west, where Zane Gray spent his time fly fishing and writing novels. The scenery and wildlife are so spectacular that the Forest Service and

Bureau of Land Management protected it by declaring the area Wild and Scenic. Meaning, your trip won't be spoiled by unsightly dams, homes, or roads. The number of people allowed to float 37 miles of this 65 mile trip is restricted to just 12 participants per day. It looks and feels the same as it did 100 years ago.

**The Fishing:** Enjoy four full days of guided fishing for Chinook and Coho salmon mixed with a prolific run of

summer steelhead and half pounders as they work their way to the upper reaches of the Rogue. Fish range in size from 8 to 30 pounds with the opportunity to catch that once in a lifetime 45

pound salmon you have always dreamed of catching. The last day of your adventure offers a unique fishing experience as you side-drift with light weight spinning rods for fresh migrating kings and coho just a short distance from where the Rogue meets the mighty Pacific Ocean. This is a great fishery for both the bait and Fly Fishing enthusiast.

**The Lodging / The Food:** After a long day on the water you will retire in the comfort of a different lodge setting every night as you work your way down river. Each lodge offers great home cooked meals, hot showers and comfortable beds to end that perfect day of fishing. Black Bar Lodge, Half Moon Bar Lodge and Singing Springs Resort all offer their own unique style of hospitality and creature comforts. Throughout your

journey you will feast on home prepared riverside lunches of fresh cold cuts, vegetables and home made cookies or enjoy the great cuisine of fresh caught salmon and steelhead fillets barbecued and smoked over Alder and deep fried steelhead for a new taste sensation.

**Whitewater Excitement:** For those of you who seek adventure this is the trip for you. You will experience white knuckled Class 3 and 4 rapids like Tye and Wildcat Rapids, Slim Pickens, Upper Black Bar Falls, Kelsey Creek Canyon and the thrill ride through Mule Creek Canyon and finally Blossom Bar. Watch as your guide's line their boats around Rainey Falls while enjoying the view of migrating salmon and steelhead leaping their way up the falls. This is truly whitewater excitement that will make you glad you chose an experienced guide. Best times... Our trips in the Lower Rogue River Canyon begin on September 1st, and run through November 15th. The Bureau of Land Management and US Forest Service regulate which days we can launch and how many people can launch each day. This insures that your trip is a real wilderness adventure.
